GET THE BEST FROM YOUR GLOVES

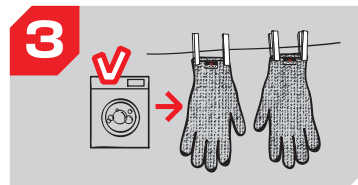

WEARING YOUR GLOVES

These gloves offer extra protection against cuts. However, bear in mind that they are cut-resistant, not cut proof.

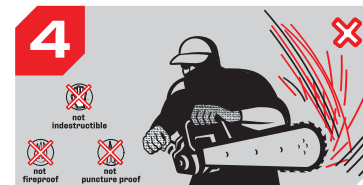

ENSURING GLOVE DURABILITY

Repeated cuts with a sharp blade can cause the gloves to unravel. Do not use sharp objects solely for testing.

WASHING YOUR GLOVES

Machine wash with a neutral detergent at a maximum temperature of 104°F. Hang to drip dry.

DON'T USE WITH POWER TOOLS

Do not use the gloves when operating power tools. Ensure children and minors are supervised when wearing the gloves.
