PUTTING ON THE KNEE PADS

For a secure fit, fasten the slip buckles on the outer side. Adjust them so the gel padding is centered on your knee.

KNEE PADS SLIDING OFF?

Try crisscrossing the straps. If this doesn't help, contact wecare@nocry.com to replace them with a different model for free.

CLEANING YOUR KNEE PADS

Clean only by using a brush or a washcloth with neutral detergent. Avoid machine washing.

CARING FOR YOUR KNEE PADS

Store them in a cool, dry place away from direct sunlight. Avoid pointed or very rough surfaces that may damage the padding.
